

Belchertown Water District

206 Jabish Street, PO Box 801

Belchertown, MA 01007

(413) 323-6987

Admin@belchertownwaterdistrict.org

The Belchertown Water District announces a full outdoor watering ban has been imposed. The Department of Environmental Protection has encouraged municipal water suppliers to ban outdoor watering as severe level 3 drought conditions continue across the State. As a result, Belchertown Water District has imposed a District wide ban on Wednesday August 17, 2022. Customers of the Belchertown Water District should cease all outdoor watering activity until further notice. This includes all non-essential water use. All lawn watering, irrigation and filling of swimming pools is prohibited. Grass will turn brown and stay dormant until the rain returns.

Watering gardens and flower beds with hand held cans is permitted.

The District will post notification when the ban is lifted.

Shall you have any questions regarding this announcement feel free to contact the Belchertown Water District at 413-323-6987 or visit the District website:

<https://www.Belchertownwaterdistrict.org>. More information will be added as the ban continues. Please visit <https://www.mass.gov/info-details/drought-status> for state drought updates.
